pimentón puro 100% pure paprika

Though our main business is 100% pure paprika in bulk, over the last years we have developed the following full line of gourmet and organic products based on paprika/pepper.

ORGANIC PAPRIKA PEARLS

Our organic paprika pearls are available in the flavors smoked and hot, giving a professional touch to fish and meat dishes, and also sauces, cheese, foie gras, creams, etc.

ALMONDS WITH PAPRIKA

La Pastora produces paprika-spiced almonds, available in the flavors smoked and hot, with different packaging options. These almonds are low-salt cooked, making an elegant snack to take with a fine wine or beer, cheese or sausage platters, and also to be used in high cuisine.

Jars of 150 gr, and also available in bags 1 kg.

PAPRIKA POWDER

This is 100% pure, with no fraudulent manipulations, no bulking agents and no additives. Among other packaging options, see our traditional metallic tin 75 gr (even the lid is metallic, no plastic elements). We produce the flavors sweet, hot and smoked, both conventional and BIO. Horeca jar available.

DROP PEPPERS

Our drop peppers, aka sweet drops, cherry peppers and dwarf peppers, are the ideal complement in creams, puddings, pizza topping, salads... and cocktails.

ORGANIC RED WINE

After more than 70 years of passion for the natural ingredients from the soil, La Pastora takes it further with our first wine. Manufactured with the same integrity and respect for the raw material that has made us a model of organic paprika and whole saffron. An organic red wine made with the native grape of Murcia: Monastrell, and only using natural processes.

For you to enjoy flavour as balanced as voluminous, as young and fresh as mature in its tannins.

EVOO DRESSING

Spicy extra virgin olive oil dressing and extra virgin olive oil dressing smoked with vine shoots and herbs.
